

## OGM Report Careers 2019

### ANU Careers Workshops

- Resume Rescue
  - o Great turn out- we could have done more sessions but the Careers Consultants from ANU were away
  - o Should look at booking them earlier next year
  - o It was a great time of the year (end of Sem 1)
  - o Should look at other times of the year they could work- e.g. beginning before graduate job applications
- Video Interviews
  - o Very few people signed up
  - o We should look at doing it earlier (during the Semester break) or do less but do them in person like last year
- Either way, neither of these events cost us anything and were very time efficient

### Social Justice Careers

- Incredible speakers- great feedback on diverse, engaging and interesting they were
- Great turnout- thank you to everyone who came
- Great time of the year

### AFEC Cross Cultural Networking

- Organising is going well
- LSS has been doing most of the work
- Hope to get a good turn out

### Infographs

- Hope to get the rest out this term
